

March 9, 2021

Greetings to All!

We are thankful that local county positivity rates and hospitalizations for COVID-19 are low at this point in time. Additionally, the recent COVID-19 on-site clinics provided opportunity for most residents (and many of the staff) to receive the vaccine.

Given these factors, all individuals at Oakwood and Linden may visit their family homes without restriction beyond the 90 day post recovery time-frame. The pandemic is not over – and we ask you to exercise caution, to avoid large groups, and to limit access to the community as much as practical during the visit. Please assist your loved one to wear a face covering and social distance if you do access the community.

If your loved one is exposed to someone who tests positive for COVID-19, CDC and IDPH still suggest a period of quarantine for individuals living in congregate settings regardless of vaccination status. When your loved one returns from a home visit, we will screen them for exposure and symptoms.

If it works better for you to visit on-site, please refer back to the email addressing indoor parameters that was sent a couple of weeks ago. When the weather warms up a bit more, we'll be back in touch with Outdoor On-site Visit options. If at any time we experience a new case of COVID-19 in a staff member or resident, visits would likely be suspended again in that we would need to revert to a prior CMS Phase with tighter restrictions. Many of our COVID protocols in the home including face coverings, appropriate PPE, employee & resident screening, and infection control procedures remain in place.

We appreciate your support and prayers, and are grateful to be at this point. Please call us if you have questions.

Sincerely,

Crystal Streitmatter
