

November 16, 2021

Timber Ridge Family,

As the number of staff, residents, and community members who have their COVID vaccines continues to increase we are thankful that we are able to update our visiting guidelines for Timber Ridge.

Key changes include the following:

- With the exception of “large groups”, visits no longer need to be prearranged.
 - o A “large group” is defined as:
 - Any group of visitors with people from more than two different households OR
 - Any group of visitors with more than five people from the same household
- Visits may be conducted in any location in the building as long as social distancing is able to be maintained.
- There is no restriction on who may visit (visitors do not have to be a family member or guardian)

We ask that you continue to remain vigilant and adhere to the following protocols to help us to keep all of our residents safe:

- Please **DO NOT VISIT** if you are experiencing ANY illness or COVID-like symptoms or if you have been exposed to someone with COVID-19 in the last 14 days.
- All visitors must enter through the new vestibule by the north living room, complete and COVID self-screening, and sign in.
- **All staff and visitors must wear a well fitted face covering** when in the Timber Ridge facility.

Please see the attached guidelines for additional details.

Thank you,

Darrell Stoller
