

January 5, 2021

Greetings to All and Happy New Year!

We are again resuming 4-6 hour home visits for individuals living in our CILA's with the same parameters as have been in place to date. They are listed below. Our focus is still to limit the exposure of our loved ones. We are hearing of cases (outside of our facility) that have recurred during or after the 90 day mark that someone has tested positive. We want to provide opportunity for home visits, but to also be responsible and cautious.

If you plan to do an overnight visit, a negative COVID test is still required unless the resident has had a positive COVID test in the last 90 days.

Some of you are asking about coming into the CILA's for visits. We hope to open that up again at some point in the future, but we ask for now that all visits be conducted outside of the CILA, even if you have recently had COVID. If you need clothing or other items that belong to your loved one, please coordinate with the Case Manager and they will assist you.

At this time, TCRC and EP!C are still closed. At Home Day Program is being conducted on-site and will continue until the Day Programs re-open.

We are thankful that the residents who had COVID in the recent outbreak have recovered. We thank you for your ongoing prayers.

Sincerely,

Crystal Streitmatter
