

December 10, 2020

Timber Ridge Families and Guardians,

Our latest round of routine COVID testing showed three residents who were positive for COVID-19. Those residents have been moved into a temporary COVID suite and isolation precautions are in place to help prevent further spread. All other residents did test negative. We will continue testing any residents who show symptoms and will test all residents again on Monday, December 14th.

In order to reduce the possibility of further spread we have taken the following steps:

- We are temporarily suspending all in person visitation, including outdoor courtyard visits
- Residents are remaining on their ends and in their own rooms as much as possible
- Residents are dining in their rooms
- We have temporarily discontinued day programs and all group activities

We will continue to do our best to keep your residents safe. We also have creative and dedicated staff who are once again working on revising our holiday plans to make this very different Christmas as enjoyable as possible.

Please reach out to us if you have questions and we will do our best to answer.

Thank you for your continued patience and prayers!

Darrell Stoller
Timber Ridge Administrator
